

AlcoholEdu[®] for High School – Health Classes at USD #380 & #498 Inspiring Students to Make Safer Choices

Alcohol misuse doesn't just put students at risk, it threatens the ability of schools to achieve their educational objectives. AlcoholEdu[®] for High School takes a public health approach to preventing alcohol abuse, incorporating evidence-based prevention methods to create a highly engaging user experience.

AlcoholEdu is included in SAMSHA's National Registry of Evidence-based Programs and Practices and is proven to reduce negative consequences associated with underage drinking. Through this scalable online program, high schools can reach all students with a consistent message and empower them to make safer and healthier decisions about alcohol.

Your students will receive:

- Interactive lessons that incorporate multiple evidence-based prevention theories
- Personalized feedback based upon their drinking experience
- Individual planning tools that allow them to set personal goals
